PROCEEDS BENEFIT:

All proceeds of the event will support Farm Bureau causes, including the following:

The Louisiana Farm Bureau Foundation awards scholarships each year to eligible graduating high school seniors who plan to pursue degrees in agriculture at Louisiana universities. Since 1993, we have awarded 180 scholarships for a total of \$480,000 to aid our future generation of farmers and ranchers.

The Louisiana Ag in the Classroom Foundation provides funding for the Louisiana Ag in the Classroom (AITC) program. The purpose of the AITC program is to increase understanding of agriculture and instill an appreciation for our renewable food, fiber and fuel systems through education. The main way we accomplish this is through showing teachers how to use agriculture in teaching core subjects, such as math, science and social studies.
