Louisiana Ag in the Classroom

LAFarmBureau

The book for the fourth Louisiana Agriculture Literacy Project is “Seed, Soil, Sun” by Cris Peterson. The book walks young readers through three essential ingredients of food production (seed, soil and sun), and is geared to students in kindergarten through third grade. A beautiful book, it features vibrant photographs by David Lundquist.

The mission of the Louisiana Ag in the Classroom program is to educate and increase understanding of agriculture and instill an appreciation for our renewable food, fiber and fuel systems.

2012 AITC AGRICULTURE LITERACY DAY PROJECT REGISTRATION FORM

Dear Friend,

In support of Louisiana's AITC mission to educate and increase understanding of agriculture and instill an appreciation for our renewable food, fiber and fuel systems, Louisiana Ag in the Classroom and Louisiana Farm Bureau is sponsoring the 2012 Louisiana Ag Literacy Project.

We are seeking volunteers to visit elementary school classrooms around the state to read a book and talk about the importance of Louisiana agriculture.

It is the reader's responsibility to schedule classroom visits. Readers are free to schedule their readings anytime during the school year. Readings should be complete by May 30th, 2012. Classroom visits should be scheduled in advance as to adhere with the school district's policy on classroom volunteers.

Please help us to educate the state's future voters about the significance of Louisiana's food, fiber and fuel systems by participating in the Louisiana Agriculture Literacy Project. To register, either visit Louisiana's Ag in the Classroom's website at www.aitcla.org or fill out the enclosed form including names of schools and teachers, and return it to the LA AITC office. LA AITC will send you a book and a teacher packet for each school that you have indicated on the registration form. Forms must be received a minimum of three weeks prior to the scheduled reading date. No registrations will be accepted after April 1, 2012.

Thank you for your support of LA AITC and Louisiana agriculture. If you have any questions, please feel free to call the LA AITC office at (225) 922-6204 or email cyndig@lfbf.org. We look forward to receiving your registration.

Sincerely,

The Ag in the Classroom
State Committee and Staff
